

HOW TO OPEN THE CLASP ON A PANDORA ESSENCE BRACELET

1 Hold the bracelet firmly in both hands and find the groove located above the letters 'NDO' of the word PANDORA inscribed on the clasp.

2 Place your thumb nail into the groove, push down and pull apart both sides.

3 Once the clasp is open, lift out the end of the bracelet.

4 With the bracelet now open you can begin threading your PANDORA Essence beads.
